Maybe even better than free.

filehosting provides an easy possibility for you to send large files to your friends. This is easy, fast and reliable filehosting! You don't need any kind ofpremium-accounts. No account or credit card is required to get started. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you sharea file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Simply upload your file and sharethe link. So try our free and simple filehosting service now. We have no file size limit. Alternatively you can choose to share your download links on blogs,forums and social networking sites. If only we could, we surely would! On the other hand, using file can actually save you money. Our service is completelyfree for everyone. Keep your files private, or send your download links only to friends or family. You don't need any special software installed to be able todownload your files. You decide who you want to share your files with. File is free to use with no gotchas and no hidden fees. When you use file, you avoidstoring the file you're sending in your cloud storage or mail server. You can give this download link to your friends by mail or instant messenger. The cost ofthat data transfer is covered by your internet service or the data plan on your phone. Using file, you can circumvent those limits without paying to upgrade yourteam chat service. Unfortunately, we can't make that part free. There are no restrictions on the number of times a file can be downloaded. You can upload anytype of file (movies, music, documents, images, zip files and more). It is also allowed to link to the download page from websites and communities. Any file inany format can be uploaded and downloaded for free. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many teamchat apps have limits to the size of files that can be transferred within their apps. Files transferred the old-fashioned way tend to pile up and be forgotten about,eventually costing you money in data storage fees. Files can be downloaded from any computer from our high speed servers. Just upload the file you want toshare with your friends and we send you a download link to your file.
